

European Manufacturers Holiday Closure

We would like to advise our clients that all manufacturers in Europe are closing their factories for the month of August for their summer holiday break.

During this time there will be no manufacturer or deliveries of light fittings and products from European suppliers.

Upon their return in September 2010 it will take some time for the first shipment of orders to be dispatched and we do not expect to receive the first of these deliveries until at least the end September 2010.

Please do not hesitate to contact our office if you have any queries regarding delivery or placement of your orders.
