

Water è il nome di una serie di faretto da incasso per interni in versione quadrata e circolare con IP 44.

I faretto Water sono adatti soprattutto negli spazi in cui l'alto livello di umidità richiede questo tipo di protezione, ad esempio per illuminazione di centri di bellezza, cucine, sale da bagno, ecc.

Sono realizzati in lega di alluminio pressofuso finitura cromo lucido, con vetro satinato e guarnizioni in gomma silconica. Il sistema di fissaggio è costituito da molle ancorate ad un anello in acciaio.

In entrambe le versioni, quadrata e circolare, i faretto possono ospitare una lampada alogena dicroica 12V.

Water is the name of a family of fixed recessed spots for indoor use, available in square and round version, both IP 44.

Thanks to their IP rate 44, these fittings are adapt especially for those areas where this kind of protection is needed, for example beauty centres, kitchens, bathrooms, ecc.

They are made in die cast aluminium with a glossy chromed finish, complete also with satined glass and silicon rubber gaskets.

The fixing mechanism is made of springs that are anchored to a steel ring. Both square and round versions can host one halogen dicroic lamp 12V.

Water est le nom d'une collection de spot d'encastrement pour l'intérieur en version carré et ronde, avec IP 44, indiqué surtout où le niveau d'humidité nécessite l'emploi d'un appareil avec un IP approprié par exemple pour l'éclairage des cuisines, des institutes de beauté, salles de bains ecc.

Les spot sont réalisées en fonte d'aluminium, finition chrome brillant, avec verre satiné. Douille avec ressort de fixation en acier galvanisé.

Les deux versions, carré et ronde, peuvent accueillir une lampe halogène dicroïque 12V.
