

## Show case recessed

---

### Show case recessed application

Show case has been developed to fulfil all request that need compact dimensions.

Thanks to its small size and LED source, the products is particularly indicated to illuminate exhibitor case and spaces where is necessary to have lighting concentration and the space to locate the products is extremely reduced.

### Materials

Aluminium with surface treatment and final painting process. Cree Led.

Accordingly to the specification CEI EN 60598-1 (CEI 34-21); CEI EN 60598-2-2 (CEI 34-31), CEI EN 62031 (34-118), CEI EN 62471 (76-9).
